

ICD-10 ISSUES SPECIFIC TO AMBULANCE SERVICES

There are over 60,000 ICD-10 codes to choose from when coding ambulance transport claims.

Did you know one Medicare Administrative Contractor has also mandated the use of one of the following ICD-10 codes for all claims?

- 1 Z74.01**
Bed confinement status

- 2 Z74.3**
Need for continuous supervision

- 3 Z78.1**
Physical restraint status

- 4 Z99.89**
Dependence on other enabling machines and devices

ICD-10 CODING ISSUES?

Are you having trouble with your ICD-10 coding?
Want to increase your knowledge about ICD-10 coding?

The Certified Ambulance Coder® course has an entire lesson dedicated to understanding ambulance-specific ICD-10 coding and an entire experiential education lesson where ICD-10 coding skills can be applied!
